**IMPORTANT NOTICE TO AWARDING BODIES AND  
OTHER INTERESTED PARTIES CONCERNING THE NEW  
AMENDMENTS TO LABOR CODE SECTION 1720(a)**

The passage of Senate Bill 975 (Chapter 938), effective January 1, 2002, codifies existing Department of Industrial Relations' administrative decisions on appeal and determinations regarding the above referenced statute. This statute, among other things, also expands the definition of "public funds" for purposes of the Prevailing Wage Law and adds "installation" to the definition of construction. Chapter 938 also provides for certain specified exemptions to the new definition of "public funds."

In accordance with SB 975, its terms will be strictly enforced for all public works projects advertised for bids on or after January 1, 2002, except for those projects that that would have been covered under the Department's public works coverage determinations or decisions on appeal made precedential prior January 1, 2002, in which case there is an independent basis for enforcement of projects advertised for bid prior to January 1, 2002.

**IMPORTANT NOTICE TO AWARDING BODIES AND OTHER INTERESTED PARTIES  
CONCERNING INSPECTION AND SOILS AND MATERIALS TESTING**

Dear Public Official/Other Interested Party:

This notice provides clarification to many questions from the public regarding the scope of work of the testing and inspection determinations. In addition, it answers many questions from the public regarding work performed by architects and engineers.

Attached please find letters from Operating Engineers Local Union No. 3 dated February 4, 2002, and Operating Engineers Local Union No. 12 dated December 6, 2001, clarifying the scope of work for the following determinations:

**SOUTHERN CALIFORNIA  
BUILDING/CONSTRUCTION INSPECTOR AND FIELD SOILS AND MATERIAL TESTER, page 10E**

**SAN DIEGO COUNTY  
BUILDING CONSTRUCTION INSPECTOR AND FIELD SOILS AND MATERIAL TESTER, page 27C**

**NORTHERN CALIFORNIA  
OPERATING ENGINEER (Heavy and Highway Work): Group 6 (Soils and Materials Tester), page 39  
OPERATING ENGINEER (Building Construction): Group 6 (Soils and Materials Tester), page 40A**

Scope of work for each of these classifications has been posted on the Internet at <http://www.dir.ca.gov/DLSR/PWD>. This information may also be requested from the Division of Labor Statistics and Research, Prevailing Wage Unit by calling (415) 703-4774, by faxing a request to (415) 703-4771 or by writing to:

California Department of Industrial Relations  
Division of Labor Statistics and Research  
Prevailing Wage Unit  
P.O. Box 420603  
San Francisco, CA 94142

When referring to questions 7 and 8 in the letters from Operating Engineers Local No. 3 and Local No. 12 respectively, please note that testing and inspection is covered at off-site manufacturing and/or fabrication facilities only if the off-site facility is determined covered under prevailing wage laws. If there are any questions pertaining to this area please contact the Division of Labor Statistics and Research at the above address. Please include all relevant documents including but not limited to the contract, financial documents, plans, specifications, as well as contact information for the Awarding Body.

Please refer to an Important Notice dated December 29, 2000 for additional information pertaining to testing, inspection, and field surveying.

Sincerely,

RE: Prevailing Wage Determination - Soils and Materials Tester (SMT) On Site

Dear Ms. Robbins:

Please find enclosed the response of Operating Engineers Local Union No. 3 in support of a Prevailing Wage Determination for a Soils and Materials Tester as set forth in the Master Construction Agreement for Northern California.

The data enclosed, we believe, justifies and establishes the Scope of Work Conforming to SB1999 for a Soils and Materials Tester performing on-site work in Northern California.

We respectfully request that a conclusive determination be made that the wage rates and fringe benefit rates applicable to this classification are the prevailing wage for this type of work within the geographical jurisdiction established in the Master Agreement and are consistent with the requirements of SB1999.

Your continuing assistance is appreciated. If there are any further questions, do not hesitate to contact myself or Dean Dye at 510/748-7400.

Sincerely,

**DEPARTMENT OF INDUSTRIAL RELATIONS  
STATE OF CALIFORNIA  
CLARIFICATION REQUEST - SOILS & MATERIALS TESTER (SMT)  
WITH  
OPERATING ENGINEERS LOCAL 3'S RESPONSES**

---

**1. Summarize the intent of the coverage of the SMT classification in your No. CA Master Agreement, which serves as the basis for the prevailing wage determination.**

All visual, physical and non-destructive testing that is done at a jobsite, on-site lab, fabrication site (yard), or off-site lab used exclusively for covered work.

**2. Define the following and indicate if done by the SMT classification:**

- a) Magnetic particle testing -- used for welding, laminations and other steel inspections; done by SMT
- b) Non-destructive inspection -- used for welding, laminations and other steel inspections; done by SMT
- c) Ultrasonic testing -- used for welding, laminations and other steel inspections; done by SMT
- d) Keying -- excavation at the toe of a slope; done by equipment operator
- e) Benching -- process of removing noncompacted or "soft" soil in order to properly place the compacted soil on unyielding materials; done by equipment operator
- f) Scarifying -- process of ripping or otherwise preparing the existing surface; done by equipment operator
- g) "Rolling of slopes" -- process of compacting the slope to the required density (also called "back rolling"); done by equipment operator
- h) One-pointer -- test made to roughly determine the weight and maximum density of the soil being used as fill material; done by SMT
- i) "Correction for rock" -- used during a compaction test to mathematically remove all oversize rock from the equation; done by SMT

**3. Does lab work fall within the jurisdiction of the SMT? Does the on/off site location of the lab make a difference?**

Lab work done offsite normally does not fall under the Construction Inspectors jurisdiction. If a field lab is set up at the project site in the field, it then falls under the Construction Inspectors jurisdiction.

**4. What is the civil engineer's job when working with the SMT? Is the civil engineer covered under the scope of the SMT sections of the collective bargaining agreement (CBA)?**

A Civil Engineer generally provides direction, plan interpretation and engineering type decisions. They may be either on- or off-site (depends on the nature of the project). They generally do not do the Construction Inspector type work; but if they do, then it is covered work.

**5. The MLA (p.5) lists employees excluded from coverage. Does this imply that engineers and architects, project managers, off-site laboratory workers are excluded?**

Engineers, Architects, Project Managers, off-site Lab Workers, as long as they do not perform the Construction Inspector work, would not be covered.

**6. Some signatories perform mechanical & electrical inspections. Are these jobs covered under the Operating Engineers Agreement? If so, how is work performed?**

We (OE3) consider Mechanical Inspectors to be covered by our CBA, therefore the prevailing wage (at the SMT rate) would be paid. Electrical should be covered work by the electrical craft.

**7. Regarding manufacturing sites, if inspectors visit plants, is that inspection of the plant and its processes covered under the Agreement, is that the intent of SB1999?**

Steel fab shops, concrete and asphalt batch plants, prestressed yard and fabrication shop, etc. (such as those for piles & girders, gul lam beams) is covered work under the intent of SB1999, including mechanical and electric.

**8. Are the following inspectors included in the scope of the agreement: Geotechnical, Concrete, Painting, Steel and Electrical?**

Concrete, Steel, Painting and Electrical Inspectors are covered work. Also Inspectors such as Roofing, Mechanical (HVAC), Suspended Ceiling, Plumbing, Geotechnical (unless registered Geologists/Engineer is specifically required by the plans & specs) Masonry, Fireproofing, Gul lam beams, Shotcrete, etc. In essence all inspection as required by the Uniform Building Code (UBC) is considered covered work.

**9. Is visual observation inspection covered? For example: Using tape measures...**

The Construction/Special Inspector shall observe the work for conformance.....” is part of the UBC requirements. The majority of inspection work is visually by nature. Slump of concrete, length of weld, depth of footings, pile caps, width of footings, pile caps etc. are but a short list of work that a Construction Inspector would use a tape measure for.

**10. What is the difference between a Geotechnical Inspector and a Geotechnical Engineer? Are they covered under the Operating Engineer Agreement?**

A Geotechnical Engineer normally would be a registered person with a college degree. They may be a Geologist/Engineer in training also. Geotechnical Engineer performs/supervises the analyses, design and documents preparation associated with the geotechnical aspects of the project. They would not normally be covered, unless doing Construction Inspector work.

A Geotechnical Inspector ascertains through inspection and/or testing that the Geotechnical Engineer's requirements/recommendations are complied with. A Geotechnical Inspector would normally be covered.

**11. Is a Project Manager whose duties include weekly meetings, approving, contracts, managing engineers, managing subcontracts and preparing monthly reports be covered under the CBA?**

A Project Manager, (who would normally not be doing construction inspection work) would not be covered.

**12. Is a Resident Engineer whose duties include logging correspondence amongst contractors and subcontractors, performing soil, concrete, masonry, and HVAC tests, and acting as a liaison between contractors and engineers be covered?**

Resident Engineers, normally a professional registered person is not covered unless doing Construction Inspector work (such as performing soils, concrete, masonry & HVAC tests).

**13. Is the SMT an apprenticeable classification?**

Yes.

**14. Is inspection of bridges and piers covered under the SMT classification under Operating Engineers Local #3's agreement?**

Yes.

**The following, in addition to the above, are also considered covered inspection work: high strength bolting; shearwall & diaphragms; metal connectors, anchors or fasteners for wood construction; piling; drilled piers; caissons; bolts installed in concrete; post tensioning steel; pre-stressed steel. Also includes, but not limited to, underground construction (sewers, gas lines, drainage devices, water lines, backfilling, welding, bedding). SMT rates apply.**

**Re: Building Construction Inspector (BCI) and Field Soils and Material Tester (FSMT) Classifications**

Dear Ms. Robbins:

Pursuant to your request for clarification contained in your November 20, 2001 correspondence we submit the following:

1. *What is the difference between the Building Construction Inspector (BCI) and the Field Soils and Materials Tester (FSMT) classifications? There appears to be some overlap of duties. Could you summarize the intent of the coverage between Southern California Contractors Association, Inc. and the International Union of Operating Engineers Local No. 12, which serves as the basis for the prevailing wage determination?*

As stated in our June 5, 2001 correspondence to your office, a Building Construction Inspector (BCI) is a licensed inspector who generally works under the direction of a registered civil engineer. The BCI is used when higher stresses are involved, e.g., welding, reinforced concrete, masonry, non-destructive testing and other related disciplines. The term "building inspector" or "construction inspector" has the same meaning as "special inspector." The BCI classification is meant to include inspection of all structures, including but not limited to, residential and commercial buildings, bridges, piers, warehouses, oil/water tanks, docks, refineries, heavy highway construction, underground construction, water works, sewers, water reclamation, flood control, dams, dredge, etc.

A field soils and material tester (FSMT) performs a variety of duties. They include special grading, excavation filling, soils used in construction, concrete sampling, density testing and various types of verification tests.

Occasional overlap of duties may occur between the BCI and FSMT, such as taking concrete specimens in the field, however, one must look at the overall scope of work/duties to determine the proper prevailing wage/rate classification.

2. *How is grading inspection different when performed by a BCI or by a FSMT?*

"Grading inspection is generally the work of a FSMT. The City of Los Angeles certifies/licenses grading inspectors whose duties are similar, but more stringent than those of the FSMT. The grading inspector in the Los Angeles area is covered under the BCI classification/wage rate.

3. *Please define the following and identify which classification performs this work:*

- a) *Magnetic particle testing*
- b) *Nondestructive inspection*
- c) *Ultrasonic testing*
- d) *Keying*
- e) *Benching*
- f) *Scarifying*
- g) *"Rolling of slopes"*
- h) *One-pointer*
- i) *"Correction for rock"*

a) b) c) Magnetic and ultrasonic testing are two different forms of non-destructive testing (NDT). They use mechanical devices to check defects in structures such as welds. The use of magnetic and ultrasonic waves in the evaluation process does not cause any damage to the structure, hence, the term non-destructive testing. Other forms of non-destructive testing include radiography (x-rays) and penetrant testing. All of this work is that of the BCI.

d) Keying in is benching into existing material while filling up an adjacent fill, to bind the two areas (materials) together, eliminating the chance of a soft or uncompacted area in between the two materials or areas. A "stair-step" procedure is usually used.

e) Benching is using a piece of equipment (usually a dozer) to cut into existing material while filling up an adjacent fill, to bind the two areas (materials) together. This eliminates the chance of soft or uncompacted area in-between the two materials or areas. A "stair-step" procedure is usually used.

f) Scarifying is a procedure performed by equipment that rips up existing material approximately one foot deep, then processing that material by watering and mixing it.

g) Rolling of Slopes is a compaction technique used on the slopes of a new fill area. The time required for compaction on the slope of a fill is the same as the required compaction on the top of the fill.

h) A One-Pointer is one test made on the soil by a field soils and material tester (or FSMT).

i) Correction for Rock is a calculation made for oversized rock in soil, done by a field soils and material tester (FSMT).

Items a, b and c are performed by the BCI. Items d, e, f, g, h and i are performed by the FSMT.

To perform items a, b, and c, the individual would have to obtain certification as required by the agency. If certified, for example, in "Ultrasonic Testing," one could perform FSMT work and then move to BCI work if certified to do so.

4. *Does lab work fall within the jurisdiction of the BCI? Does the on/off site location of the lab make a difference?*

No, lab work is not covered. If a lab is located on-site and the individual stays "inside" the lab, there is no coverage. However, if the individual goes on-site and performs "field work," then he or she is covered for all hours worked.

5. *What is the civil engineer's job when working with the BCI or FSMT? Is the civil engineer covered under the scope of the BCI or FSMT sections of the collective bargaining agreement (CBA)?*

The civil engineer usually acts in a supervisory role, directing the BCI or FSMT activities. The civil engineer work would not be covered unless he or she performs "field work."

6. *The Master Labor Agreement (page 5) lists employees excluded from coverage. Does this imply that engineers, architects, project managers and off-site laboratory workers are excluded?*

Yes.

7. *Some signatories perform mechanical & electrical inspections. Are these jobs covered under the Operating Engineers agreement? If so, how is work performed?*

Not covered.

8. *When inspectors visit manufacturing sites, is the inspection of the plant and its processes covered under the agreement? Is that the intent of SB 1999?*

Yes, pursuant to the agreement. The intent of SB1999 was to further define coverage in the public work arena.

9. *Are the following inspectors included in the scope of the agreement: Geotechnical, Concrete, Painting, Steel and Electrical?*

Geotechnical, yes. Concrete, yes. Painting, no. Steel, yes. Electrical, no.

10. *Is visual observation inspection (e.g., using tape measures) covered?*

Yes. Visual inspection is a component of the Inspector's duties.

11. *What is the difference between a Geotechnical Inspector and a Geotechnical Engineer? Are they covered under the Operating Engineer agreement?*

A Geotechnical Inspector is "on-site" performing the "field work" and is covered. The

Geotechnical Engineer is usually "in-house," a supervisory position, "off-site."

12. *Is a project manager whose duties include weekly meetings, approving contracts, managing engineers, managing subcontracts and preparing monthly reports covered under the CBA?*

No.

13. *Is a resident engineer whose duties include logging correspondence amongst contractors and subcontractors, performing soil, concrete, masonry and HVAC tests, and acting as a liaison between contractors and engineers covered?*

When a Resident Engineer logs correspondence among contractors and subcontractors, the work is not covered. When the Resident Engineer acts as a liaison between contractors and engineers, the work is not covered. When performing soil, concrete or masonry tests, the work is covered. HVAC tests are not covered.

14. *Is the BCI an apprenticeable classification?*

Yes.

15. *Is the FSMT an apprenticeable classification?*

Yes.

16. *Is inspection of bridges and piers covered under the BCI and/or FSMT classifications under your agreement?*

Yes. Please see the coverage language in the CBA. Both classifications are covered pertaining to bridge work.

We hope the information provided herein is beneficial to you. Please call this office if you should have any questions.

Sincerely,

Fred C. Young, Financial Secretary

**IMPORTANT NOTICE TO AWARDING BODIES AND OTHER INTERESTED PARTIES  
CONCERNING INSPECTION, FIELD SURVEYING AND SOILS TESTING**

The passage of Senate Bill 1999 (Chapter 881), effective January 1, 2001, codifies existing Department of Industrial Relations administrative decisions, determinations and regulations concerning the above referenced work. This work when done on or in the execution of a "Public Works" project requires the payment of prevailing wages. In accordance with SB 1999, Inspection and Testing determinations will be strictly enforced for all public works projects advertised for bids on or after January 1, 2001. Field surveying determinations have been and will continue to be enforced for all public works projects.

The classifications that perform this work have been published in the Director's General Prevailing Wage Determinations for over 20 years and can be found on the Basic Trades pages (Building Inspection, Soils Testing) and on the individual county sheets (Field Surveying). For the basic trades, please use the following determinations:

**SOUTHERN CALIFORNIA**

**OPERATING ENGINEER**, Group 2 (Soils Field Technician), page 7  
**BUILDING CONSTRUCTION INSPECTOR (OPERATING ENGINEER)**, page 10E

**SAN DIEGO COUNTY**

**OPERATING ENGINEER**, Group 2 (Soils Field Technician), page 25

**NORTHERN CALIFORNIA**

**OPERATING ENGINEER** (Heavy and Highway Work): Group 6 (Soils and Materials Tester), page 39  
**OPERATING ENGINEER** (Building Construction): Group 6 (Soils and Materials Tester), page 40A

Advisory scope of work covered by each of these classifications has been posted on the Internet at <http://www.dir.ca.gov/DLSR/PWD>. This information may also be requested from the Division of Labor Statistics and Research, Prevailing Wage Unit by calling (415) 703-4774, by faxing a request to (415) 703-4771 or by writing to:

In addition, Director's precedential Public Works coverage determinations concerning inspection and testing work will be enforced for all public works projects advertised for bids on or after the dates the precedential decisions were designated as such. For determinations of the applicability of prevailing wage requirements to other work covered by SB 1999, please contact the Division either via fax number or by mailing your request to the address indicated above. Requests of this nature should include all of the relevant documents including, but not limited to, the contract for the work and a detailed description of the work to be performed. Future clarifications regarding the scope and application of Senate Bill 1999, if needed, will be posted on the DLSR website and mailed to those on the Prevailing Wage mailing list.

TO AWARDING BODIES AND INTERESTED PARTIES  
  
REGARDING THE  
GENERAL PREVAILING WAGE DETERMINATIONS  
FOR THE CRAFTS/CLASSIFICATIONS BELOW THE  
MINIMUM WAGE**

In accordance with Labor Code Sections 1770, 1773, and 1773.1, the Director of the Department of Industrial Relations is responsible for determining the prevailing wage rates for each worker employed on public works projects of more than \$1,000.

The minimum wage in California increased to six dollars and seventy-five cents (\$6.75) per hour effective January 1, 2002. The Director's Prevailing Wage Determinations shall not be below the minimum wage. Each employer is required to pay at least the minimum wage for the basic hourly rate in all cases where the published prevailing wage rate is below the minimum wage. Any and all employer payments required by these determinations must also be paid.

If the minimum wage is increased in the future to an amount above that shown in a prevailing wage determination, the basic hourly rate in that determination automatically increases to the new minimum wage.

**Important Notice to Awarding Bodies and Other Interested Parties  
Regarding Shift Differential Pay in the Director's General Prevailing Wage Determinations**

Dear Public Official/Other Interested Parties:

The Director's General Prevailing Wage Determinations includes shift differential pay for various crafts used on public works projects. This notice is to clarify the worker's eligibility to receive the shift differential pay when working on a public works project. Please note that not all crafts have shift differential pay published in the Director's General Prevailing Wage Determinations.

When a worker is required to work a regular shift, he/she must be paid the applicable craft rate from the Director's General Prevailing Wage Determinations for the construction activity he/she is performing. However, when a worker is required to work a shift outside of normal working hours, he/she must be paid the shift differential pay according to the shift he/she is working. For example, if only one shift is utilized for the day, and the work being performed is during the hours typically considered to be a swing (second) shift or graveyard (third) shift, the worker employed during the hours typically considered to be a swing shift or graveyard shift must be paid the shift differential pay for the shift he/she is working. If multiple shifts are used for the day, the worker working on the second or third shift must be paid according to the shift he/she is working.

Please refer to the contract provisions posted on the Internet at [www.dir.ca.gov/DLSR/PWD](http://www.dir.ca.gov/DLSR/PWD) for the working hours applicable to the craft/classification published in the Director's General Prevailing Wage Determinations, which has a swing shift and/or a graveyard shift.

CONCERNING BURGLAR ALARM AND FIRE ALARM INSTALLATION**

Dear Public Official/Other Interested Parties:

This notice provides clarification and updates the June 27, 2002, Important Notice regarding the applicable rate of pay for work involving the installation of burglar and fire alarms.

In the following counties, the minimum rate of pay for **burglar alarm** installation would be that of the craft/classification of Electrician/Comm & System Installer: Los Angeles and Orange.

In the following counties, the minimum rate of pay for **fire alarm** installation would be that of the craft/classification of Electrician/Comm & System Installer: Contra Costa, Orange, and Santa Clara.

In Imperial and San Diego Counties only, the minimum rate of pay for **burglar alarm** and **fire alarm** installation would be that of the craft/classification of Electrician/Sound & Signal Technician.

**Please note that the minimum rate of pay for all conduit installation associated with either alarm system installation would be that of the craft/classification of Electrician/Inside Wireman.**

Please refer to the county determinations to find the rates for the classifications referenced above. The scope of work for each of these classifications is posted on the Internet at <http://www.dir.ca.gov/DLSR>. **IMPORTANT NOTICE  
TO AWARDING BODIES AND INTERESTED PARTIES  
REGARDING THE  
TELEPHONE INSTALLATION WORKER**

Based upon the attached communications dated February 20, 2002, from Bill Quirk of the Communications Workers of America to Chuck Cake, Acting Director of the Department of Industrial Relations, the Office of the Director has determined the following:

Effective March 21, 2003, for all projects advertised for bids as of this date and prospectively which involve voice, data, and video communications work, the scope of work for this determination is clarified to exclude conduit work except in cases involving conduit runs of less than or equal to ten (10) feet within telecommunications rooms/closets.

Dear Chuck,

I hope the information below will help you.

For C7 licensed contractors with whom CWA holds a collective bargaining agreement in the State of California, I believe the following statement covers 95 % of work performed by our members.

The scope of work that CWA members perform requires the running of conduit from time to time. This conduit work is typically coincidental to Telecommunications work and normally in telecommunications rooms / closets. Usually the conduit run is not longer than 10 feet.

Sincerely,

Bill Quirk  
Assistant to Vice President  
Communications Workers of America, District 9

**IMPORTANT NOTICE TO AWARDING BODIES AND OTHER INTERESTED PARTIES CONCERNING BURGLAR ALARM AND FIRE ALARM INSTALLATION**

Dear Public Official/Other Interested Parties:

This notice amends the March 5, 2003, Important Notice regarding the minimum rate of pay for work involving the installation of burglar and fire alarms in **Imperial** and **San Diego** Counties.

The minimum rate of pay for burglar and fire alarm installation would be that of the craft/classification of Electrician/Soundman when performing the following: installing, terminating, operating, assembling, wire pulling, splicing, and installing devices.

The minimum rate of pay for burglar and fire alarm installation would be that of the craft/classification of Electrician/Sound and Signal Technician when performing all other work including but not limited to the following: layout, planning, final checkout, servicing, and maintenance.

**Please note that the minimum rate of pay for all conduit installation associated with either alarm system installation would be that of the craft/classification of Electrician/Inside Wireman.**

Please refer to the county determinations to find the rates for the classifications referenced above. The scope of work for each of these classifications is posted on the Internet at <http://www.dir.ca.gov/DLSR>. This information may also be requested from the Division of Labor Statistics and Research, Prevailing Wage Unit by calling (415) 703-4774, by faxing a request to (415) 703-4771 or by writing to:

**AND**

**PW CASE NO. 2002-064: CITY OF SAN JOSE/SJSU JOINT LIBRARY PROJECT/  
OFF-SITE FABRICATION OF ELECTRICAL COMPONENTS**

On March 4, 2003, the Acting Director of the Department of Industrial Relations issued the above-referenced precedential public works coverage determinations concerning public works coverage of off-site fabrication. As a result of the filing of administrative appeals from these determinations pursuant to 8 California Code of Regulations, section 16002.5, the implementation of the public works coverage tests enunciated in the determinations was stayed effective March 4, 2003.

The appeals are decided and, effective immediately, the determinations are withdrawn. RE: Enforcement of Prevailing Wage Obligations for On-Haul and Off-Haul Trucking By Owner-Operators Not Employed by Material Suppliers

Dear Interested Parties:

This notice is in response to the various letters I have received regarding enforcement of prevailing wage obligations for owner-operator truck drivers hauling material and equipment to and from public works sites.

It has been this Department's policy that owner-operators, including owner-operator truckers, performing public work must be paid prevailing wages.<sup>1</sup> It appears, however, and as some of you have acknowledged, the majority of the Department's enforcement of prevailing wage obligations has concerned owner-operators (of any kind) performing work within a public works site.<sup>2</sup>

In light of the Department's enforcement experience and its current consideration of appropriate wage rates for owner-operators performing on-haul and off-haul trucking, enforcement of prevailing wage obligations for such work is stayed pending DLSR's establishment of the appropriate rates, including a formula for applying them to the unique circumstances of owner-operator compensation.<sup>3</sup>

In addition, the rates established by DLSR for owner-operator truckers performing off-haul and on-haul deemed to be public work will be applicable to all work advertised for bid on or after the date of the rates issued by DLSR.<sup>4</sup>

Sincerely,

/s/John M. Rea  
Acting Director

---

<sup>1</sup> Under *O. G. Sansone Co. v. Department of Transportation* (1976) 55 Cal.App.3d 434, 458, 127 Cal.Rptr. 799, this excludes owner-operators employed by material suppliers.

<sup>2</sup> Almost all prevailing wage complaints involving owner-operators performing on-haul and off-haul trucking appear to have come in after the request for a determination or after the issuance of the determination.

<sup>3</sup> Labor Compliance Programs are required to enforce prevailing wage obligations in a manner consistent with the enforcement policies of DLSE (title 8, California Code of Regulations, section 16434). Thus, Labor Compliance Programs are directed to observe the same stay policy as described herein.

<sup>4</sup> Consistent with the Department's enforcement policy, if an awarding body does not advertise the public works project for bid, other benchmarks events, including the first written memorialization of the agreement concerning the public works elements of project or the contract governing the award of public funds will be utilized instead. See e.g., Baldwin Park Market Place, City of Baldwin Park, Public Works Case No. 2003-028, October 16, 2003.

REGARDING A CORRECTION TO THE  
DIRECTOR'S INTERIM APPRENTICE SCHEDULE FOR THE CRAFT OF ROOFER**

Dear Public Official/Other Interested Parties:

**CRAFT/CLASSIFICATION:** Apprentice Roofer

**INTERIM APPRENTICE SCHEDULE ISSUED ON SEPTEMBER 30, 2005**

**LOCALITIES:** Alameda, Contra Costa, Marin, Napa, San Benito, Solano, and Sonoma Counties.

- The word **Electrician** in the sentence “**These rates supersede the Electrician apprentice rates issued in the following General Prevailing Wage Apprentice Schedules,**” published in the above referenced interim apprentice schedule is incorrect. **The correct word should be Roofer.**

With the exception of the correction to the word Electrician, all of the wage rates and other conditions found in the above referenced interim apprentice schedule for Roofer remain unchanged.

**IMPORTANT NOTICE TO AWARDING BODIES AND OTHER INTERESTED  
PARTIES CONCERNING FIRE ALARM INSTALLATION**

Dear Public Official/Other Interested Parties:

Based on a recent investigation conducted by the Department, it has been determined that the minimum rate of pay for fire alarm installation work in **Los Angeles County** would be that of the craft(s)/classification(s) contained in the Southern California Ninth District Sound and Communications Agreement by and between International Brotherhood of Electrical Workers and National Electrical Contractors Association. These craft(s)/classification(s) include the following:

Electrician/Communication and System Installer  
Electrician/Communication and System Technician  
Electrician/Sound Electrician

***These changes apply only prospectively to public works projects advertised for bid on or after November 20, 2005.***

**SUMMARY OF IMPORTANT NOTICES CONCERNING BURGLAR ALARM AND  
FIRE ALARM INSTALLATION**

Dear Public Official/Other Interested Parties:

The Department has issued four important notices (June 27, 2002, March 5, 2003, February 25, 2004, and November 10, 2005) regarding the prevailing rate of pay for burglar alarm and fire alarm installation. Each important notice has only prospective effect (applies only to projects advertised for bids on or after the tenth day of issuance). The tables on the following two pages provide a summary of the applicable rates of pay by county for burglar and fire alarm installation as contained in each of the important notices issued for these types of work. The information in these tables **does not** alter the applicable rates of pay issued in the aforementioned important notices.

Please note that minimum rate of pay determinations are issued on a "project-by-project basis." If you have a public works project in one of the counties listed in the tables that indicates "project-by-project basis," you may request a minimum rate of pay determination prior to the bid advertisement date of the project by sending a written request to the address below. Each request should include all the relevant documents that would assist the Department in issuing a determination. These documents include but are not limited to the contract, financial documents, plans, specifications, as well as contact information for the Awarding Body.

Chief's Office

arising from this Wage Order shall be processed under and in accordance with Article V, Grievance Procedure.

F. All wages must be paid at least semi-monthly on a designated payday, with a maximum hold back of seven (7) days. In the event the Employer elected to change the designated pay-day, the Employer will give thirty (30) days notice to his employees prior to such change. When men are laid off or discharged they must be paid wages due them at the time of layoff or discharge, in accordance with the provisions of the California State Labor Code. At such time as an employee is paid he shall be furnished a personal record showing straight-time and overtime hours paid and all deductions itemized. In the event the Employer fails to pay employees laid off or discharged, they shall be paid waiting time at the straight-time rate of eight (8) hours per workday, seven (7) days per week until the time such payment has been made, for a maximum of thirty (30) days.

G. Whenever the Employer authorizes an employee to use his personal automobile to haul material, equipment, and/or men, the employee shall be reimbursed as follows; Thirty-Seven and one-half cents (37½¢) per mile with a minimum of Thirty-Eight Dollars (\$38.00), plus fuel, said mileage to be computed to and from the office of the Employer on a daily basis. It is understood and agreed that no employee shall be required to use his personal automobile to haul material, equipment and/or men. It shall be completely voluntary on the part of the employee. Any employee who is now furnishing his automobile under this clause and desires to discontinue the practice shall give the Employer reasonable advance notice of his desire, but not less than one (1) week. When an employee uses his personal vehicle in accordance with this paragraph, the Employer shall provide adequate liability insurance and shall show proof to the employees affected, upon demand.

H. Employers shall furnish all equipment used by the employees in their normal duties, except pouch and belt, hand level and scabbard, plumb bob, gammon reel and scabbard, engineering hand tape and refills, and pocket scales. The Apprentice Trust Fund has agreed to loan the first set of hand tools to new apprentices. Employees shall be responsible for the loss of or damage to equipment furnished by the Employer while in the employee's possession and which loss or damage is due to the employee's carelessness or negligence. Carelessness or negligence shall be determined in accordance with Article V. Wages earned by an

employee shall not be withheld during adjudication of a claim arising under this Section.

I. Each survey party shall have a Chief of Party at the rate of pay stipulated under this Agreement.

J. On remote jobs where employees are required to remain away from their permanent place of residence overnight, they shall be provided either:

1. Suitable room and board without cost on a seven (7) day per week basis, or

2. Ninety Dollars (\$90.00) per day for each night actually spent away from home. If this alternative is adopted, the Employer shall have the option of paying on a seven (7) day per week basis or providing free transportation and travel time to and from remote job area on non-working days.

3. In addition, employees shall be provided free transportation or common carrier fare, or Thirty-Seven and one-half cents (37½¢) per mile, plus fuel, if their own car is used, plus travel time at the regular hourly rate, not to exceed eight (8) hours in any twenty-four (24) hour period. Transportation and travel time to be paid at the beginning and end of the job. If the Employer elects to interrupt the continuity of work on a remote job, this shall be considered the end of the job, provided, however, no employee shall be entitled to return transportation or travel time if he voluntarily terminates his employment.

4. Where it is mutually agreed between the Employer and the employee involved to work more than eleven (11) hours per day, or to work on Saturdays, the overtime rate shall be one and one-half (1½) times. On Sundays and holidays, the overtime rate shall be two (2) times the basic rate. If no agreement is reached, Article IX, Section A, shall apply.

K. No employee shall suffer a reduction in hourly wages or rate per mile for the use of his automobile by virtue of the execution of this Agreement.

L. 1. Where employees are required to report to the Employer's office before going to work and after work, their time will start and end at the Employer's office.

2. The Employer will notify the employees of their reporting place for the next day at the end of their shift.

3. When employees report to the Employer's office for free transportation to the jobsite, they shall receive compensation for all travel time in excess of one-half ( $\frac{1}{2}$ ) hour to the jobsite and in excess of one-half ( $\frac{1}{2}$ ) hour return.

4. Where employees are required to report to the jobsite, their time will start and end at that jobsite, in addition the employee shall receive travel time from the Employer's office to the jobsite in excess of one-half ( $\frac{1}{2}$ ) hour and return travel time in excess of one-half ( $\frac{1}{2}$ ) hour per day. The parties agree that where the employees are required to report to the jobsite, travel from the Employer's office to the jobsite is solely for the convenience of the employee and is not work time, although the Employer shall compensate the employee for such time as set forth herein. The parties agree that this type of travel will not be required by the Employer and during this travel time the employees are not required or expected to perform any work.

5. The Employer's office as used herein, shall mean either the Employer's principal office or a bona fide field office. A bona fide field office is defined as:

A permanent non-portable structure located outside the limits of the job or project, having reasonable sanitary facilities, lights, ventilation and telephone.

In addition:

a. Have an employee of the firm present in the office during working hours.

b. Union to be notified seven (7) days prior to the establishment of said office, and the Union to be provided with the permanent street address of said office.

c. Employees shall be paid at the office of the Employer they were dispatched from on payday.

d. The office the employee will report to for job assignments will be the office that is indicated on the Introduction Slip issued by the Union, under Article III, Section B, Paragraph 4.

6. Travel time required to be paid herein may be included in the regular day's pay, but shall be designated as such on the paycheck stub, provided total time, including travel time, shall exceed eight (8) hours in any one (1) day for an eight (8) hour shift, or ten (10) hours in any one (1) day for a ten (10) hour shift. Contributions required by Articles XIII, XV and XVI of this Agreement are required on travel time within the normal eight (8) hour shift workday, and/or within the special ten (10) hour shift workday. Travel time prior to or after the normal eight (8) hour shift workday or the special ten (10) hour shift workday will not require these contributions. Irrespective of any other provision in said Agreement, all travel time shall be paid at two-thirds (2/3) of the wage scale set forth in Article XIV. All travel time shall be paid at time and one-half (1½) the travel time rate. Travel time shall be computed from the Employer's office to the jobsite, unless;

a. the jobsite is in a different county than the Employer's main office or bona fide field office, and

b. local men from that county are employed; in which event said local men shall receive travel time computed from either the Employer's office or the nearest branch office of the Union, whichever is closer to the jobsite.

M. If safety dictates, there shall be a minimum of two (2) covered workmen on each crew.

#### ARTICLE X Disability Pay

An employee who becomes afflicted with a job-connected disability, shall receive from the Employer, the daily rate as established by the State of California Disability Insurance for each day he is so disabled, as verified by a doctor's certificate. This shall be limited to a maximum of five (5) working days.

#### ARTICLE XI Holidays

A. The following days are recognized as holidays:

New Year's Day  
Memorial Day  
Independence Day

of service from the last anniversary date of hire to date of termination, four percent (4%) of their gross straight-time earnings.

2. Any employee whose employment is terminated after employment of ten (10) years, shall receive at time of separation, pro rata vacation pay for the period of service from the last anniversary date of hire to date of termination, six percent (6%) of their gross straight-time earnings.

C. Gross straight-time earnings is defined as all hours paid to an employee, including the straight-time portion of all overtime.

D. The following will not constitute an interruption in continuous service for the purpose of determining eligibility for vacation pay:

1. An employee that leaves employment and then subsequently returns to employment for the same Employer will maintain the vacation eligibility that he had previously accrued for that Employer.

2. Written leave of absence from the Employer for illness or other approved reasons.

E. Vacations shall be taken at a time mutually agreed to by the Employer and the employee.

F. Contributions required under Article XVI (Pension Fund), of this Agreement shall apply to all hours in accordance with Section A, Paragraphs 1, 2 and 3 of this Article. Contributions required under Articles XIII (Apprenticeship Program), XV (Health and Welfare Fund), XVII (Supplemental Dues), XVIII (Engineers Contract Compliance Committee - ECCC) and XIX (Contract Administration Fund) of this Agreement shall not apply to all hours paid in accordance with Section A, Paragraphs 1, 2 and 3 of this Article.

#### ARTICLE XIII Apprenticeship Program

A. Effective, October 1, 2004, each Employer covered by this Agreement shall make contributions in the amount of Seventy-Five Cents (75¢) per hour for each hour worked or paid, excluding travel

time, Vacation and Holiday Pay in accordance with Articles XI and XII on each employee covered hereby. This contribution shall be paid into the Southern California Surveyors Joint Apprenticeship Trust under the terms of the Trust Agreement, executed January 21, 1963, as subsequently amended. Each of the parties agree to appoint six (6) representatives on the Southern California Surveyors Joint Apprenticeship Committee and six (6) representatives on the Southern California Surveyors Joint Apprenticeship Trust. Said Fund is to be used solely and exclusively for the cost of operation of the Apprenticeship and Journeyman Training Program and activities incidental to the qualifications of field personnel. Said Fund shall be operated in accordance with all applicable laws.

B. At such time the Joint Board of Trustees notify the parties to this Agreement, that an increase or decrease in contributions is needed for the cost of operation of this Program, the parties agree to meet within thirty (30) days and renegotiate the contribution required.

C. Any Employer found delinquent in the payments required by the foregoing parts of this Article shall not be entitled to the benefits of Article IV, and of Article V, for and during the period of such delinquency.

D. The parties hereto declare it to be their purpose and policy to maintain an organized planned system of apprenticeship, conducted as a joint labor and management industry undertaking. The Apprenticeship Standards of the Southern California Surveyors Joint Apprenticeship Committee for Chief of Party as approved January 21, 1960, and for the Chainman as approved January 3, 1984, or as subsequently amended by the State of California Department of Industrial Relations, Division of Apprenticeship Standards, hereinafter referred to as the Standards, have therefore, been adopted and agreed upon under the Shelley-Maloney Act of 1939, to govern the employment and training of apprentices in the occupation defined therein. The Joint Apprenticeship Committee shall have full authority to administer the Standards as adopted. The parties signatory hereto, shall control the employment of apprentices, as defined in the Standards, from this day forward.

E. 1. Each workman shall be evaluated and qualified by the Southern California Surveyors Joint Apprenticeship Committee, as a condition of continued employment. Advancement in qualifications shall be made only upon being indentured, and satisfactorily

C. A Certified Chief of Party is one who has been certified by either the Joint Committee on Certification or the Joint Apprenticeship Committee and shall be entitled to the rate of pay for this classification only when he is working on the type of work for which he has been certified.

D. A Senior Chainman is defined as a workman who has completed the prescribed related instruction for Chief of Party as required by the Surveyors Joint Apprenticeship Committee, and who has worked within the multiple Employer group for a period of six (6) years or for a period of two (2) years after completing this program, and workmen meeting these requirements shall be entitled to this rate of pay.

E. Employees required to suit up and work in a hazardous material environment shall receive Two Dollars and twenty-five cents (\$2.25) per hour in addition to their regular rate of pay and that rate shall become the basic hourly rate of pay. Employees performing this work shall not be required to work alone. All OSHA and CAL OSHA Safety Standards shall apply. This premium shall apply only to Level "A" and Level "B" regulated work.

F. A Chief of Party in charge of other parties in addition to his own crew, shall receive One Dollar and Fifty Cents (\$1.50) per hour above his regular rate of pay.

#### ARTICLE XV Health and Welfare Fund

A. A health and welfare fund, known as the Operating Engineers Health and Welfare Fund, has been established by certain Employers and the Union by an Agreement and Declaration of Trust dated November 23, 1954. The Employers agree to abide by said Agreement and Declaration of Trust and, further, to make payments to the Fund of Seven Dollars and Forty Cents (\$7.40) per straight-time or overtime hours worked by (or paid) each employee under this Agreement, excluding travel time, Vacation and Holiday Pay in accordance with Articles XI and XII, subject to possible increases as provided by Article XIV, Section B.

B. The participation of the Employers in said Trust shall be for the duration of this Agreement and any renewals or extensions thereof, or for the period workmen are employed under the terms of this Agreement.

C. The Employer further agrees that he does irrevocably designate and appoint the persons mentioned in said Agreement and Declaration of Trust as his attorneys-in-fact for the selection, removal and substitution of Trustees as provided in said Agreement and Declaration of Trust.

D. Any increase in the cost of providing Health and Welfare benefits as mandated pursuant to Article XV of this Agreement, beyond the contribution levels set forth therein and in excess of the negotiated wage increases set forth in Article XIV for all Apprentice classifications, shall be borne entirely by the Employer. The express purpose of this Section is to ensure that no Apprentice employee shall receive a reduction in their hourly wage rate as a result of increases in the cost of providing Health and Welfare benefits mandated by this Agreement.

#### ARTICLE XVI Pension Fund

A. A pension fund known as the Operating Engineers Pension Trust has been established by certain Employers and the Union by an Agreement and Declaration of Trust dated December 13, 1960. The Employers agree to abide by said Agreement and Declaration of Trust and, further, to make payments to the Fund of Three Dollars and Seventy-Five Cents (\$3.75) per hour for each hour worked by (or paid) each employee under this Agreement, excluding travel time, subject to possible increases as provided by Article XIV, Section B. Participation of the Employers in said Trust shall be for the duration of this Agreement and any renewals or extensions thereof, or for the period workmen are employed under the terms of this Agreement.

B. The Employer further agrees that he does irrevocably designate and appoint the persons mentioned in said Agreement and Declaration of Trust as his attorneys-in-fact for the selection, removal and substitution of Trustees as provided in said Agreement and Declaration of Trust.

C. Any Employer found delinquent in the payments required by the foregoing parts of this Article shall not be entitled to the benefits of Article IV and of Article V, for and during the period of such delinquency.

D. Hours worked (or paid) employees in the Apprentice A or Apprentice B classifications are excluded from this payment.
